This eight session video-course has been developed by internationally renowned developmental psychologist Dr. Gordon Neufeld, a best-selling and award-winning author. His revolutionary yet scientific approach turns parenting right-side up, restoring natural intuition to parenting and putting parents back in the driver's seat. His book, *Hold On To Your Kids* is causing an international stir and is now available in eight languages. This video-course takes the best that science has to offer and renders it readily accessible to parents of children of all ages. Dr. Neufeld's approach has won powerful endorsements from such luminaries as Dr. Daniel Segal, Dr. Mary Pipher, Raffi, Dr. Peter Levine and Robert Bly. For more information about Dr. Neufeld or his approach, visit his website: www.gordonneufeld.com.

This course offers a new, yet intuitive perspective with which to see our children and our role as parents. It's not about what we do as parents, rather about who we are to our children (of all ages).

Cultivating cultural diversity while maintaining a strong relationship, and nurturing our children lovingly into maturity and independence. Viewing is followed by group discussion.

Topics Include:

- Cultivating & preserving powerful parent-child connections
- Addressing parenting challenges while maintaining a strong relationship with your child
- Disciplining in ways that don't alienate or backfire
- Keeping parents from being replaced by peer attachments
- Assisting children who seek to dominate rather than depend on their parents

"Dr. Neufeld's approach has the power to change, if not save, the lives of our children..."

-National Post
